

ALUVANA

AVOCADO CATALOGUE

2023/2024

Family-Grown & Hand-Picked

Between March and October our orchards produce the finest semi-organic, hand-picked avocado grown on family-owned farms in Kenya. Traditional farming practices are both popular and successful in Kenya. Our conventional avocado is grown with minimal inputs of fertilisers and pesticides ensuring maximum flavour and luscious texture.

Our avocado farms adhere to the highest international standards and certifications with community at the heart of our operations.
